Peter J. Renton Memorial Scholarship Biography

People who worked with Peter throughout his 40-year career in the energy sector immediately recall his integrity, humour, commitment to fair play, and most of all, his resolve to "do the job right." A man of wide interests and infectious curiosity, he approached every task and every relationship with a passion. Tenacious when he believed in someone or something, he never let an obstacle deter him from doing what needed to be done. He valued honesty more than anything and believed that integrity is the cornerstone of both personal and business dealings. A serious and accomplished professional, he loved to laugh and took great delight in seeing the funny side of things. He loved time with his family and friends, golf, sports cars and other interests too numerous to mention. In short, he was an inquisitive, multidimensional man.

Peter's career spanned many aspects of the oil and gas industry. After graduating from Mechanical Engineering at the University of Calgary, he began his career in Argentina with an oil and gas service company. Returning to Canada, he joined Gulf Canada Resources where he worked for 25 years in a variety of roles, including oil and gas production, natural gas processing, and natural gas liquids marketing. This diverse experience was the basis for the insight and knowledge that Peter happily shared with co-workers. In 1998, Peter was a member of the management group that left Gulf Canada to form Keyera Energy's predecessor company Gulf Midstream Services. Over the next ten years, he was a key contributor to Keyera's success.
